

Dear Friend of the Georgetown Fair,

On September 6th, 7th and 8th 2019, the Georgetown Agricultural Society will be hosting the 173rd Georgetown Fall Fair. Our goal is to promote agriculture and provide educational programs to support farming in the area. This year's fair celebrates "Tractors and Tailgates" with agricultural displays, farm animal exhibits, homecraft competitions, displays of antique and modern farming equipment, and activities and events that reflect an appreciation of our rural areas.

The Georgetown Fall Fair is undertaken by an experienced, dedicated group of volunteers who put countless hours into the organization and operation of this three- day event. We try to balance education and entertainment to provide a community atmosphere that welcomes all.

To fund the cost of operating a fair, we depend on sponsor donations, agricultural grants, and fundraisers as the stable base. It has been through generous sponsors' contributions, in past years, that the fair has been able to continue. The enclosed information sheets outline our sponsorship program. We do value our sponsors and recognize their distinctive contributions. We ask for your consideration in sponsoring the fair this year.

Please know that you will be helping to provide agricultural awareness activities and special events, and in the process bringing joy to many patrons from all generations.

See you at the fair!

Sincerely,

Wayne Cunningham & Elizabeth Taylor

Sponsorship/Donation Program

The Georgetown Fall Fair is dependent entirely on the work of our dedicated volunteers. The volunteers' activities throughout the year include planning, booking activities and initiating fund-raisers to operate the fair. Due to ever-increasing operating costs, we are looking to sponsors and donors for assistance.

The society is thankful for the generous support it has received in the past. Sponsorships and donations in any amount have always been greatly appreciated. This is how we show our appreciation to our much needed sponsors.
